Rice University’s Undergraduate Transfer Credit Policy: To receive transfer credit, a grade of C– or better must be earned at an accredited institution (Pass/Fail not accepted) The Office of the Registrar must receive an official transcript before credit can be awarded. It is the student’s responsibility to request that the transcript be sent to Rice. A maximum of 14 semester hours of summer school credit from other institutions (not including Rice’s Summer School) may be applied to the Rice degree.
